EXPECTATIONS:

- The months of January/February are vital for those with parts in the drama or vocal solos/ensembles. If you know you will miss parts of practices or full-practices, you might want to consider what role might be best for you.
- If you know you have conflicts when full dress rehearsals happen, it will be difficult to have a significant role in the drama or music.
- Conflicts always happen. With planning, we can work through most things. PLEASE communicate with Isaac or Pete if you are not able to attend a rehearsal.
